

Babson Discusses Video Age

(Exclusive to The NEWS)

THE next decade may be known by future historians as the Video Age, the "V" stands for television. This has already become "big business".

It is estimated that 10 million people watched our last national political conventions on TV. Double that number saw Truman inaugurated. How many local fans watched the big league games this summer and fall is anybody's guess. People who never have been to a baseball game, football game, boxing bout or set foot inside a theatre, have become ardent home fans.

The folks who need this kind of diversion most—rural dwellers—cannot yet get TV in their homes. This is due both to the limited number of stations permitted by the FCC and to the present limits of TV broadcast radius. This will ultimately be remedied. In fact, by the year's end, the networks hopefully anticipate nearly three million sets in use. TV manufacturers, already beginning to count their 1949 profits, believe the cash registers will sing to the merry tune of a good \$500,000,000 plus.

TV and Amusements
Practically every survey, conducted thus far to measure the "looking" audience, indicates that people listen less now to regular radio. The day may well come, and soon, when A.M. radio will be as obsolete as the old crystal sets and earphones are today. The corner movie house is already feeling the pinch. Within the next half dozen years, we shall be able to view good movies right in our own living-rooms, and without the present eyestrain. It has already been reported that Broadway's box office receipts nose-dive on Milton Berle night.

Sports promoters are worried too. Wrestling, boxing, baseball, and football enthusiasts are forsaking the arena and ball field for the home video screen. College athletic directors are especially concerned. Intercollegiate football is a most expensive sport.

Arlington Wins Track Meet

That Coach Doc McCarthy's indoor track team will give a good account of itself this winter was evident Saturday afternoon when the Arlington High trackmen defeated Rindge Tech, 55½ points to 21½ points, at the East Armory in Boston where the Metropolitan Track League launched the season with six dual meets.

Fred Collier of Arlington stood out among the 551 boys from 12 schools who competed as he shattered the league's record in the 45-yard high hurdles in the remarkable time of 61 seconds. Although he was wearing sneakers, Collier equalled the State Meet mark chalked up by hurdlers wearing spikes on the superior track at the Boston Garden.

Arlington finished first in all but two events as it downed its first division rival, Rindge. Equally impressive was the Watertown contingent which defeated Somerville by a substantial margin. Arlington appeared a good bet to defend its title successfully.

Bob Stevens finished first in the 1000-yard run, in 2:34.2, while Bill Keneally won the 300-yard run in 37.8 with Coffey and Crawford, both of Arlington, the runner-ups. Bill Cronin copped the 600-yard run in 1:29.

Frank Rindoni won the 12-pound shotput with a heave of 42 ft. 11 in., while Red Salisbury was second.

Collier tied Donnelly of Arlington for first place in the high jump while Leveroni of Arlington

was tied for third with Haley of Rindge.

Wilson of Arlington finished first in the mile, with DeMason third. Wilson's time was 5 minutes.

Salisbury trailed Haley of Rindge in the 50-yard dash, while the Rindge relay team took first in this event.

—Robert P. Foye was home for the Christmas holidays but has now returned to the University of New Mexico at Albuquerque, N. M.

Elliott and Keefe Seek Re-election to Library Board

Roscoe O. Elliott and Atty. Francis Keefe, members of the board of trustees of the Robbins Library, this week announced their candidacy for re-election at the town election to be held in March.

Mr. Keefe has been on the board since 1941 and is serving as its secretary at the present. Mr. Elliott is rounding out his first three-year term.

Mr. Keefe, a prominent Arlington attorney, is a member of the Cambridge Bar Association, a member of the management committee of the Arlington office of the Harvard Trust Company and a trustee of the Arlington Five Cents Savings Bank. He has been active in town affairs and is a member of Arlington Council K. of C., and a past president of the Touchdown Club.

A graduate of Dartmouth College, Mr. Elliott is a former member of the Board of Selectmen and of the Town Finance Committee, at present a trustee of the Symmes Hospital, and a past president of the Arlington Community Chest. He has also served as general chairman of the Community Fund drive in Arlington.

Mr. Elliott is chairman of the special Town committee which studied and recommended a change of the setup of the certain town departments and is a town meeting member.

"Sermon In Song" To Be Club Topic

The Arlington Woman's Club will meet next Thursday afternoon at 2 in the Robbins Town Hall, with Mrs. Americo Chaves presiding.

Hobart Mitchell will present his "Sermon In Song." Combining his excellent musicianship with the quiet dignity of his spoken thoughts, Mr. Mitchell succeeds in creating a spirit of reverence which profoundly impresses his listeners.

Religious books of the three faiths will be displayed in the art corners.

Arlington Artists Exhibit in Boston

Oil paintings by two Arlington artists will be included in the 17th annual exhibition of the Boston Society of Independent Artists. Frances S. Butler, 10 Cheliot road, will exhibit a painting called "Bear Skin Neck, Rockport, Mass.", while Mrs. Paul G. Hinchcliffe, 21 Robin Hood road will exhibit "Sundown on the Pacific."

The exhibition will be held in the galleries of the Paine Furniture Company, 81 Arlington st., Boston, from Jan. 9 through Jan. 28.

Both of these artists have studied with Joseph DeGuisto of Boston as well as with prominent artists in other parts of the country.

The exhibition will include 483 entries from 25 states and Washington, D. C. and artists in all fields will be represented.

Young Democrats Hear State Sec'y.

Secretary of State Edward J. Cronin, in a talk to the Young Democratic Club of Arlington at the DAV clubroom, Wednesday, how the people of Arlington can best use the services offered by the Secretary of the Commonwealth.

Following the meeting at which several candidates for town offices were introduced, John L. Saltonstall, Jr., temporary vice-president of the Young Democratic Club of Middlesex County asserted, "Middlesex County can be captured by the Democratic party next November if the efforts of Democrats are better organized than in the past."

Representing the recently chartered Middlesex County group, Attorney Saltonstall traced the development of the Young Democratic Clubs of America and pointed out that the role of the Young Democrats in party activities has increased in importance during recent years.

Attorney Saltonstall analyzed the election statistics of 1948, pointing out that elective offices went to unopposed Republicans that could have been won by strong Democratic candidates inasmuch as Governor Dever ran ahead of ex-Governor Bradford in the districts involved. He urged all members of the Arlington Young Democratic Club to join with other clubs in the county to "place Middlesex in the Democratic column where it belongs."

What Can The People Believe?

When the anti-trust lawyers in Washington filed their suit to put the A&P out of business, they immediately handed out for all the newspapers of the United States a story giving in detail their "allegations" against this company.

When we published advertisements giving our side of the case, they protested, even though they had made, and have continued to make, in newspapers, in speeches and over the radio these charges that would seriously damage our business, if they were believed by the public.

Every week millions of American housewives patronize A&P stores. Many of them would not want to deal with the kind of people that the anti-trust lawyers represent us to be.

We think we have a right to protect this 90-year old business which has made it possible for millions of American families to get more and better food for their money, which is providing high-wage employment for 110,000 Americans and which is helping millions of farmers to improve the methods of distributing their produce.

No answer by us would be necessary if the anti-trust lawyers were always right.

But they, like all other human beings, can be wrong.

In this case we know they are wrong.

They have been wrong before.

In case after case they made charges against A&P which were proved in court to be utterly without foundation.

We will prove that statement right up to the hilt.

The anti-trust lawyers tell the public that they won a previous anti-trust suit against us at Danville, Illinois. They did.

What they do not tell you is that they brought case after case against the A&P in federal courts all over the United States. Before they won this case they suffered three defeats.

The anti-trust lawyers have told everybody about the time that the courts said they were right. We think you are entitled to know about the three times the courts said they were wrong.

Now we are going to tell you about the first one. In future advertisements we will tell you about all of them.

The Washington Bread Case

In April, 1941, the anti-trust lawyers brought a criminal suit in Washington, D. C.

They charged that the A&P, two grocery chain competitors, two labor unions and other good American citizens had conspired to fix the price of bread.

Can anyone imagine any charge calculated to be more damaging to a retail grocery business? They asked millions of people to believe that we were the kind of grocers who would take bread out of the mouths of poor people and make it harder for a wife and mother to feed her family.

These charges were false.

In that case it developed that the A&P and the two competitors who were charged with conspiring with us to maintain high bread prices actually sold bread cheaper than most of the other stores in Washington.

The anti-trust lawyers presented and argued their case. When they were through, Federal District Judge Allen T. Goldsborough ruled that A&P and the other defendants did not even have to put in a defense. He ordered the jury to bring in a verdict of "not guilty."

Judge Goldsborough said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all."

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

So here was a case in which the anti-trust lawyers made seriously damaging charges against the A&P, in support of which, in the words of the court, they did not have "any evidence at all."

This was not the only time the anti-trust lawyers made charges against the A&P which the courts said were not true. In future ads we are going to tell you about these other suits. We are not going to duck, either. We are going to tell you about the criminal suit that the anti-trust lawyers won at Danville, Illinois.

The anti-trust lawyers say that they are not attacking "bigness" or efficiency. They have to say that because the courts have decided that "bigness" and efficiency and selling at low prices is not a crime.

But the fact is crystal clear that they only brought their bread suit against the big companies and against companies that sold good bread at the lowest prices; just as in this current suit they are attacking a big company that sells good food cheap.

We are going to show the American people that the suit to destroy A&P is really a suit against efficiency and against real competition.

The real question involved in this suit is whether businessmen are going to be encouraged to do a better and more efficient job; or whether we are going to let the anti-trust lawyers in Washington blow the whistle on anybody who gets big by giving the people more for their money.

No one can make us believe that it is a crime to try to sell the best quality food at the lowest possible price.

when she was hit. The auto was being driven by Arthur J. Larson of 15 Varnum st., police said.

In another accident late New Year's night, Miss Josephine Barry, 31, of South Boston, was injured when the auto in which she was riding struck a safety island on Massachusetts ave., at Lake st. She was taken to the Cambridge City Hospital to be treated for in-

juries to her right leg. The auto was towed away.

A South Lincoln man miraculously escaped injury about 2 o'clock Friday morning when his car struck a pole on the Concord turnpike, opposite Arimont Village, and overturned after swerving off the road.

The auto, which was being operated by William E. Folk, according to police, had to be towed away.

Children should be seen and not hurt. Drive carefully.

THE MOUNTING COST OF GOVERNMENT

It is interesting to note that a Boston newspaper editor, last Sunday, expressed the opinion that the Republican party can regain some of the public offices it has lost over the past twelve years if its candidates will only have the courage to come out against the ever-mounting government spending.

This is in direct opposition to the views of some supporters who believe that the GOP should adopt a "me-too" attitude and go the Democrats one better in promising this and that to the voters. Judging from the gradual awakening of the average man who is finding that he is paying plenty, directly or indirectly, in the way of taxes to support local, state and federal government, we're inclined to believe the Boston writer has the right answer.

The gravest and most far-reaching internal issue this country faces is the cost of its government.

At a time when the Federal government's income is at a near-record peak, and when the burden of taxation borne by the people is without precedent in days of peace, the nation is unable to make both ends meet. It is running a heavy deficit which will be added to the towering national debt—a debt which is a direct obligation upon every man with an income, a piece of property, or material resources of any kind.

There is, of course, a glib answer to all of this. It is: "Tax the rich man and the rich business—let them carry the load for the rest of us." But the fact is that we could tax the rich into financial extinction and the proceeds wouldn't even come close to paying the bill. It is the tens of millions with moderate means—not the few with large means—who are hurt by extravagant government.

But that is not the end of the story. Something infinitely ominous is quietly happening in this country. Taxes are killing our economic growth.

A recent article in Newsweek describes this. Sales of common stock in industry largely determine whether we shall have good times or bad, an expanding economy or a static economy, more employment or less in the future. Yet, Newsweek says, last year trading in stocks accounted for only four per cent of the national income where, in the 55 years prior to 1930, it averaged more than 40 per cent. This means, the magazine goes on, that "if most of our corporations were not already in existence, it would be impossible today to create them."

The money that once went into the enterprises upon which our living standards and our world leadership are built is being taxed out of existence.

This is but one illustration out of many that could be cited. Every individual whose income is above the subsistence level knows how onerous taxes are. Practically everyone talks at one time or another about the cost of government and how something must be done. But talk is generally the beginning and the end of it.

This brings us to a fundamental fact. Wasteful, excessively costly government is simply a symptom of a condition of overwhelming significance. That condition cannot be described in cold figures. It exists in the minds and hearts of the people.

In the last twenty years, there has been an insidious change in our concept of government. We have turned to it to perform tasks which

always before were the duty of the individual and the local community. More and more of us look to government to protect us in every way. We are losing our independence. We ask government to protect our health, build our homes, care for us if we are unemployed, and see us through all the way from the cradle to the grave. We ask it to provide more and more goods and services. The polite term for this "gimme" habit is "the welfare state," a softer name for socialism.

Therefore, taxation directly affects all our liberties. Excessively expensive government is always super-government. It is paternalistic government. It is, in its more advanced stages, government by fiat and decree. It is, in its final stages, government by terror.

Roger Babson's Column

(Continued from Page One)

Advertisers have found that with the same number of sets, television ads pull four times the sales of ordinary radio advertisements.

Television Pros and Cons

Schools and colleges have found as a result of the comic book, picture magazines, talking movies, and the radio that our youth even now cannot read comprehendingly. They have become allergic to the printed page. Our children have also forgotten how to amuse themselves. Instead of developing into active participants, they are becoming passive bystanders. They are becoming sluggish and lazy in this matter of their amusement. This is very unfortunate.

Television, however, has a tremendous opportunity to instruct and amuse constructively. Television might well reestablish the home as a family meeting place. Video could become a potent force in helping to lower juvenile delinquency and crime rates; it could become a helping hand in lowering divorce rates. Television could bring to the home the broadening cultural experiences of seeing great paintings in a museum, or witnessing great experiments in the laboratory. Video could actually let us see great historic events in the making. Think of what your reaction might have been to a telecast of the battle of Dunkirk or the invasion of Okinawa.

On the other hand, television can develop a race of idiots. It's already on its merry way toward this goal. It can easily condition its lookers to something even less idiotic than pie throwing! What kind of future race of mankind do we want? The answer lies with parents, schools and churches. We can't afford to let unprincipled "entertainers" ruin America. Television is dynamite!

The NEWS OBSERVES

With the holidays over, attention this week turned to politics—local, state, and federal. Here at home, more candidates are announcing their intentions of placing their names on the ballot at the annual town election next March. In Boston, Mayor John B. Hynes was inaugurated on Monday. He replaces the veteran office holder, James M. Curley. The State legislature re-convened Wednesday and on the same day Congress went back to work. On all sides, there is talk of economy and demands for keeping taxes in check, as far as possible. Whether all the talk will be translated into action in this mid-century year remains to be seen.

The latest 1950 model automobiles are also being introduced for the first time this week—by at least two manufacturers—the newest additions being the 1950 Oldsmobiles, Dodge and the new Chevrolet. Arlington dealers are displaying these new cars now.

We hope that those who are in a position to do something about it took the trouble to compare Arlington's street decorations with those in other cities and towns during the Christmas shopping season. Arlington's business district looked pretty drab compared with other communities where strings of colored lights lined the streets and gaily lighted Christmas trees and large "candy" canes decorated light poles.

The 1950 calendars are unusually attractive. We have one from the office of J. Q. Rush which shows a reproduction of an oil painting "The Harbor Road," a

scene typical of quaint Provincetown, Marblehead and Nantucket Island. The Arlington Co-operative Bank's calendar includes a reproduction of a Kodachrome picture of a lake with mountains as a backdrop. It is titled, "The Lure of the Great Outdoors." Harold A. Tenney's calendar has a convenient map of Massachusetts and Rhode Island.

Leaders of church and state, medicine and civic endeavor will pay tribute to Gen. George C. Marshall, American Red Cross president, former Secretary of State and the nation's wartime Army Chief of Staff on Jan. 16 when the famed soldier-statesman comes to Boston. General Marshall will dedicate a new, modern Red Cross blood center at 314 Dartmouth st. and earlier will give a major address before 1100 members and guests of the Crosscup-Pishon American Legion Post at a luncheon in the Copley-Plaza.

Arlingtonians Urged To Run For Town Office

Dear Sir:

The Arlington Citizens Committee announces that it will again conduct an active Town Meeting Member campaign this year. As you remember, last year's campaign, the first undertaken for this purpose by an organization in the town, was extremely successful. The Town Meeting Member attendance in the annual and special town meetings jumped from a 58 per cent average over a six-year period to 86 per cent for the year 1949 alone. Plans are underway to increase this figure to well over 90 per cent in 1950.

There are 136 vacancies at the present time ranging from five to 21 openings in each precinct. We urge all interested citizens to become candidates in 1950. All that is required is to be a registered voter and to obtain from and file with the Town Clerk's office a nomination paper with ten signatures. Naturally, there is no fee involved. We wish to invite everyone's attention to the fact that all appointments are made by the Town Meeting Members and not by the various boards and department heads.

Comprehensive plans for this year's campaign will be announced within a short time.

Yours very truly,
DONALD F. BRESNAN,
Legislative Committee Chairman.

Dr. and Mrs. Foye were married in Somerville on Jan. 1, 1925 by Rev. Otis W. Foye, D.D., and lived in that city and in Glen Ridge, N. J., before moving to Arlington 18 years ago. Both Dr. and Mrs. Foye have been active in church and civic affairs. They have two sons who graduated from Arlington High School in 1947, Arthur N., a sophomore at Boston University, C.L.A., and Robert P., at University of New Mexico; and a daughter, Edythe Louise, in the

You could pay a thousand dollars more and still not get all the new beauty... extra room... famous ruggedness of this great new Dodge

It's an even BIGGER VALUE—this year's sparkling new Dodge now at your dealers!

Here's bigger value in smart new styling... in ease of handling... in comfort... in sound engineering. And in dollars and cents, too, because Dodge costs just a few dollars more than the lowest-priced cars.

Despite its smart, low, graceful lines outside, Dodge is higher, wider, longer on the inside to give you the spacious roominess that spells solid comfort... that means extra room for your head, for your legs.

On the outside, Dodge is more compact for easier handling in traffic, parking and garaging.

See this great new Dodge today. Sample the flashing performance of the powerful high-compression "Get-away" Engine. Prove to yourself that Dodge gives you GREATER VALUE—in comfort, sound engineering, dependability and style that stays new!

NEW VALUE! New lighting and design of instrument panel! Wide Landscape windshield... "knee-level" seats add to driving comfort, vision and safety.

NEW VALUE! New Dodge interiors give you generous head and leg room. Huge new rear "picture window" for safer vision... gives feeling of spaciousness.

NEW VALUE! You'll thrill to the smoothness of Dodge Fluid Drive. New shift Gyro-Matic optional on Coronet models at moderate extra cost.

Among the several Santas who appeared in Arlington the day before Christmas was Mrs. Corinne Weinhold of 21 Adams st., Medford, who is shown above. She made a surprise call at Koford's restaurant where she was greeted by the many diners.

Equipped with a large book, "Mrs. Santa" jotted down the last-minute wants of the younger patrons and in turn presented each child with a bag of candy. She arrived at the restaurant by taxi, instead of the conventional sleigh.

American Legion To Hear Major Millar

Maj. Roy Millar, U.S.A., public relations officer for New England, will be the guest speaker at the meeting of Arlington post 39 American Legion next Tuesday evening.

Maj. Millar, an Arlington resident who served in Japan during the last war, will speak on "Japan and Its People".

Another large attendance is anticipated. At the last meeting, a large number of members enjoyed a debate by Atty. Lawrence Corcoran and Frederick Glynn, Jr., on the proposed change in the setup of the town government.

Kramer-Black

In the College Avenue Methodist Church, Somerville at four o'clock recently, Miss Virginia Ruth Black daughter of Mr. and Mrs. Chester Black of Arlington became the bride of Richard Peter Kramer, son of Mr. and Mrs. Peter Kramer Jr. of Arlington.

Rev. Guy H. Wayne performed the ceremony and a reception followed in the church hall. Given in marriage by her father, the bride was gown in empire style slipper satin with imported pointed Danish lace, fashioned with a sheer yoke, long sleeves and cathedral train. The finger tip veil was made with a Dutch cap of matching lace. She carried her white Rainbow Bible with a white orchid and streamers of stephanotis.

The matron of honor was Mrs. Thomas V. Bryant, Jr. of Ithaca, N.Y. Mrs. Roy McDermott of Cambridge, cousin of the bride, and Miss Leslie McMordie of Arlington were the bridesmaids.

The matron of honor wore bouffant style pale green satin with Peter Pan collar and tiny buttons down the front of the bodice. The bridesmaids wore the same style gowns in gold. They carried red poinsettias, the ribbons matching their gowns. On their hair they wore crowns of holly leaves and berries.

For her daughter's wedding Mrs. Black wore a rose colored crepe gown with a beaded bodice, matching hat in a lighter shade with silver accessories.

Mrs. Kramer, the bridegroom's mother wore a gown of royal blue lace with sprays of sequins on the bodice, winter pink hat and gloves and gold accessories. They both wore orchid corsages.

The best man was Peter Kramer 3rd of Arlington. The ushers were Daniel I. Webb Jr. of Arlington, cousin of the bridegroom, Charles Raffi Jr. of Arlington, Donald Truesdale of Somerville, cousin of the bride, Robert Lunt and David Lunt of Beverly, cousins of the bride.

The bride was graduated in June from Boston University and is a member of Phi Gamma Nu Sorority. The bridegroom will be graduated from Boston University in June. The couple are leaving on a two weeks trip to Florida after which they will make their home at 28 Langdon court, Cambridge.

McFadden to Address St. James' Men's Group

Daniel J. McFadden, superintendent of parks and playgrounds will give an interesting talk on the trip to New Orleans of the Arlington High championship football team. He will also discuss the progress made by his department in providing recreational facilities for the children of Arlington.

A very interesting musical program will be furnished by Mrs. Arthur Linehan, Director of St. James' Girls' Choir accompanied by Mr. Michael A. Garlepy.

President Charles Armour will preside. Joseph Warren will be in charge of program. Rev. Robert Shea, spiritual director, will officiate.

Refreshments will be served. All men of the parish are invited.

Miss Alsen Engaged

Mr. and Mrs. Carl W. Alsen, Jr., of 103 Jason street, announce the engagement of their daughter, Miss Ruth Elizabeth Alsen, to Robert Sinclair Dolham, son of Mrs. Clarence E. Dolham, of 29 Shawnee road.

Miss Alsen is a graduate of Arlington High School, and Simmons College. Mr. Dolham also graduated from Arlington High School, and from Boston University, and is employed by the International Harvester Company.

Rindge Upsets Arlington, 1-0

Protecting a 1-0 lead which it set up within 30 seconds of play after the opening faceoff, Rindge Tech of Cambridge downed Arlington High's hockey team in a battle royal at the Boston Arena Saturday afternoon.

The rugged match featured the third session of Greater Boston Interscholastic games, with Melrose, Stoneham and Medford emerging as victors also. Jimmy Duffy scored for Rindge without assistance, despite a heavy cold which prevented him from staying in the game. Although the locals were at full strength, they were unable to wear down the Cantabs. Tempers flared up, but nothing serious developed.

Arlington invaded the Rindge zone as the game opened but the canny Duffy got possession of the puck and soled down the ice, crashing in the disc past goalie Gordon Russell.

Miss Pitts Engaged

Mr. and Mrs. Herbert A. Pitts of Eliot road announce the engagement of their daughter, Miss Grace Patricia, to Theodore Vincent Sullivan, son of Mrs. Mary Sullivan of Charlestown.

Miss Pitts was graduated from Arlington High School in 1946. Mr. Sullivan is a veteran of World War II. No date has been set for the wedding.

Boys' Club Presidents Elect Curtin as Head

A sense of responsibility was manifested in a recent assembly of 46 boys at the Arlington Boys' Club.

This assembly of boys was in no sense just another good time gathering for entertainment or sport. For these boys were the elected and duly authorized representatives of over 200 boys. They were the presidents and vice-presidents of 23 group clubs.

A president of all the presidents was to be elected, a boy who would head up the young executives.

A tall, quiet boy, James Curtin, 14, of the 1st group club, was elected to this high office. The president of the presidents then named an

executive committee of group club presidents: Warren McAdoo, Luke O'Halloran, Bill Drinan, Dave Shaybe and Charles Pigott who met at a luncheon to lay plans for a group club assembly.

Presidents and vice presidents of group clubs are Ted Ridge, Frank Millerick, Henry Bule, Charles Mouradian, Jack Seltton, Larry Gray, James Curtin, Paul Curtin, Bob Williamson, John Reilly, Ronald Valley, Tom Fjeld, Dave Shaybe, Don Constantino, Bob Caterino, Joe Larken, John Hazer, Art Aulenback, Dave Wright, Henry Eagan, Norman Hevey, Dan Daley, Andre Languerand, Bob Harmon, Harold Shervington, Charles Pigott, Edward Curtis, Jack Goss, Joseph Herlihy, Phil McDonald, Dennis Briand, Bill Robinson, Paul Broughton, Dan Hurley, Bill Nickerson, Bob Gray, Paul Leary, Ken Dempsey, John Cassidy, Dick Mc-

Laughlin, John Lahiff, Warren McAdoo, Luke O'Halloran, John Smith, Billy Jones, Billy Drinan, Ronald Sousa and Billy Bowen.

UNIVERSITY THEATRE

"Adam's Rib", the hilarious story of an assistant district attorney and his lawyer wife who are ideally married until they face one another as legal opponents across the courtroom, brings Spencer Tracy and Katharine Hepburn to the University screen for four days starting Sunday.

Bringing to the screen a vivid, actionful panorama of wild life and strange natives in the heart of the Dark Continent, the fruits of Armand-Denis-Lewis Cotlow African Expedition are seen in "Savage Splendor", the companion film.

DRUM MAJORETTES who cheered Arlington High's footballers to the State championship include Patricia Baxter (left) and Elaine Holland.

ORGANIZATION SET UP FOR '50 MARCH OF DIMES DRIVE

William Sinclair, Arlington chairman of the March of Dimes, announced this week that almost all of the details of the 1950 polio drive have been solved.

"The voluntary committees have now been at work for more than two weeks and have reported to me that all is in readiness for the campaign that will begin Jan. 16," Mr. Sinclair said.

The collection cards that will be received by every Arlington family have been inserted into addressed envelopes and are ready for mailing before the campaign gets under way. This work has been carried on since early Fall by Beta Sigma Phi, social sorority for Arlington's business girls under the direction of its president Miss Dorothy Bergstrom.

The many little store boxes that resemble miniature iron lungs are also ready, report Gordon Thompson and Arthur Kimball who will distribute them.

At some time during the early part of the drive all the clubs, business houses, and those who wish to give special gifts will be contacted. There are several committees now

working on different phases of this activity.

Posters and display windows are available and will be ready for Arlington's most intensive campaign in March of Dimes history.

"I am impressed by the capabilities shown by the advance committees and foresee a successful drive," Mr. Sinclair added.

The residential committee under the direction of Mrs. Raymond McKeever and John Larmour will take over most of the collection activities once the drive begins and already have working plans drawn up. They report, however, that if the drive is to reach its record goal, they will need many volunteers. (If you have not volunteered yet, call Marion McKeever at ARlington 5-8360.)

"This year," Bill Sinclair continued, "our job is larger than ever before, because of the epidemic of this past year, but I believe that we have a group that will achieve our goal. And I feel that all the people of Arlington will fight the great cripple with our dimes and dollars."

Remember, a dime a day may help your kids play.

Don't think for a minute now that the holidays are over, that The Treasure Chest has lost its appeal. It just happens that many choice items ordered long ago for Christmas business have just arrived and are now on sale.

THANK YOU NOTES: We really owe the people of Arlington and other places a hearty thank you for their patronage during the Christmas season. This all leads up to the fact that thank-you notes, informals and stationery of all kinds are always in stock.

DROPSIES PRODUCTS: Something new and delicious has been added to our edible department. For a real Dutch treat, try Drosie's chocolate bars, Instant Cocoa or Chocolate pudding.

HEISEY GLASS: The Rose or the Zodiac Pattern in full variety. But also some very interesting late arrivals that merit your attention.

GREETING CARDS: All of our card racks are now blossoming out with new, fresh cards for all occasions. Remember your friends with Norcross Cards.

It is a peculiar thing but in the last year or so an ever mounting number of our customers are coming from certain streets and sections in Arlington. For instance some of these streets are Jason, Pleasant, Webster, Park, Sherborn, High, Haith, Gray, Wyman, Grafton, Bow and of course Mystic and Medford. The people who live on these streets are neighbors and friends and when jewelry or watch repairing is mentioned they, of course, say take it to PETERSON'S at 6 Medford St. The next time you have repairing to do why don't you take it to PETERSON'S. Their work is the best, their service is quick, their prices low.
